QUEEN CITY UNITED SOCCER CLUB

OUR VISION

To be the centre of choice where every athlete realizes their full potential on and off the pitch.

OUR MISSION

To support aspiring athletes and individuals through exceptional soccer experiences.

WE VALUE

1

INTEGRITY: We are honest, transparent, and accountable.

2

RESPECT: We are responsive, collaborative, and fair.

3

COMMITMENT: We are passionate about development, innovation, and achievement.

4

INCLUSION: We are inclusive, welcoming, and reflect our community.

HERE FOR THE PLAYERS.

Registration

For the Indoor 2026/2027 Season, we are moving to the TeamLinkt program for registration. The link is available on the QC website. If you already have a TeamLinkt account from other sports or activities, you are able to use your existing account.

Players must be registered to participate in the Training Camp (U8-U13) and Evaluations (U15+)

Registration for Indoor 2026-2027 will close on **August 7, 2026**.

Payment

Payment for all programs are due at the time of registration.

Players needing to make other financial arrangements must do so with Sarah Cooke, our Club Administrator, by email at registrar@qcsoccer.ca

Fees

The Club charges a variety of fees at the time of registration and once a player is placed on a team. All programs have the following fees:

Club Registration - Base fee charged by the Club to cover operational costs.

Legacy Fee - Supports capital projects (i.e. turf replacement/facility development)

Facility Fee - Supports facility operations. Players can opt into selling tickets for the club raffle or pay the buy out fee.

Team Fees - Paid directly to your team manager to help cover tournament fees, league fees, coach travel costs, and other team-specific costs.

Volunteer Bond - Provided through the online registration system. Each player's family is required to volunteer 4 hours per player per season/phase. Once completed, the bond is returned/destroyed.

Uniform Bond - Provided through the online registration system. The bond is for the uniform provided to the player. The uniform needs to be returned at the end of the season. If the uniform is returned, the bond is returned/destroyed.

Financial Aid

QC United realizes all families may not have the means to fully finance their children's participation in sport. If additional assistance is needed, please contact Sarah Cooke by email at registrar@qcsoccer.ca for payment plan options or internal club funding options that may be available to assist with costs not covered by third-party funding (i.e. KidSport, Jumpstart, etc.).

Family Discount

Our organization is committed to making soccer accessible to everyone. We believe this beautiful game is for all, regardless of age or background. As part of this commitment, we offer a family discount program to help make it easier for families to play soccer together.

After two fully paid youth registrations, all additional youth base registrations (the lower registration fee(s)) for siblings will be free. This means more families can afford to get involved in our soccer programs and enjoy the benefits of playing the game together.

Adult Discount

We also want to encourage adults to continue playing soccer for life! That's why we offer a 50% discount on base registration for adults who choose to play in one of our adult leagues and have two or more children playing within our organization.

This is a great opportunity for parents to stay active and healthy while also supporting their children's love of the game. More information on this program can be found at www.qcsoccer.ca or by contacting Sarah Cooke by email at registrar@qcsoccer.ca

Keeper Scholarship

As an organization, we understand the added expenses that come with playing the position of goalkeeper full-time. To help reduce this burden, we are pleased to announce we will be offering a 50% scholarship on the base registration fee for players between the ages of U13 and U17 who are selected to be full-time goalkeepers in one of these age groups. Scholarships will be awarded at the end of the season. To qualify for the Keeper Scholarship, players must:

- Players must maintain an attendance average of 80% or higher at team training;
- Players must maintain an attendance average of 80% or higher at keeper training;
- Players must maintain an attendance average of 80% or higher at sport science sessions; and
- Players must maintain an attendance average of 80% or higher at all competitions.

Note: There may be more than one full-time keeper per team, and players receiving this discount should not expect to receive any minutes as a field player.

For more information about this initiative, please visit www.qcsoccer.ca.

COACHING STANDARDS

Our coaching staff is fully compliant with, and often surpasses, the Canada Soccer Safe Sport Roster standards. This certification involves:

All Coaches, Managers, and Team Personnel

- Valid Criminal Record Check and Vulnerable Sector Search
- Respect in Sport for Activity Leaders
- Age Appropriate Coach Education

Additional Training for All U10 and Older Coaches

- Making Ethical Decisions Course & Evaluation
- Understanding the Rule of Two
- Making Headway in Sport
- Emergency Action Planning

Many of our coaches hold, or are actively progressing toward, Canada Soccer's Advanced Coach Education. With over 40% of our current coaching staff holding advanced coaching licenses, QC United players benefit from a coaching staff that is trained not just in safety and conduct, but in the craft of coaching itself.

This investment in coach development directly translates to a more consistent, higher-quality experience for athletes at every level of the club and positions us as a leader in coaching standards across the country.

Single Birth Year Age Groups (U6 - U13)

Where registration numbers allow, QC United is moving toward single birth-year age groups for U6-U13, aligning with Canada Soccer's Long Term Player Development framework and standard practice at clubs nationwide.

Why this Model?

Two-year age bands can pair players born nearly 24 months apart. This causes a significant gap at these ages in size, strength, and confidence. Single-year groups reduce this Relative Age Effect, allowing coaches to target training more precisely, create more balanced games, and evaluate talent based on true skill rather than a size advantage tied to birth month.

Team Development Benefit

Single-year age groups help us build a consistent core roster of same-age teammates who play together year over year. This continuity builds chemistry, shared tactical understanding, and a team identity, rather than rosters being mixed each season as players age out of a two-year band at different times.

Implementation

Single-year groups are our target, not a guarantee in every age/program/season. Where numbers are too low to field a full team, adjacent years will be combined to ensure all players have a team, with an appropriate training group size, and adequate game time. As the club grows, more age groups will move to single-year cohorts.

U8 - U13 Pre-Season Training Camp

Players aged U8 - U13 will take part in a pre-season training camp. This is done in alignment with Canada Soccer's Grassroots Standards and will replace formal tryouts and player identification sessions at these ages.

Research and best practices indicate that evaluating players over an extended period of time, ideally in a familiar and comfortable environment, provides a more accurate assessment of their abilities while reducing unnecessary stress and anxiety for young athletes.

To support player placement, we will consider observations and performance from previous seasons, along with information gathered during the training camp, to place players in developmentally appropriate environments.

While teams will be formed, we will continue to utilize open rosters at these age groups. This approach allows players to move between teams throughout the season, ensuring that each player is consistently challenged and supported at the appropriate level.

All sessions will be held at Massey Field (68 Massey Road) during the timeframe of August 29-September 11, 2026

Sessions will be led by senior technical staff and will focus on individual skill development and game-related learning. Training activities will include ball mastery, technical exercises, small-group activities, and small-sided games.

Players should expect the training camp to be structured similarly to a regular training session, with an emphasis on maximizing touches on the ball and active participation throughout each session.

Players should arrive prepared to train in appropriate soccer attire, with shin guards and plenty of water.

Playing Time & Attendance

The primary objective of QC United is to provide a positive and enjoyable soccer experience for all our stakeholders. Regular attendance is crucial to achieving individual player development and team success. This guideline outlines the expectations for U11-U18 player attendance.

Playing Time Guidelines

Playing time is an average throughout the season:

- U10 & U11 (All Programs) - 50% of eligible minutes
- U12 & U13 (Development Centre) - 50% of eligible minutes
- U12 & U13 (Emerging Talent Centre) - 45% of eligible minutes
- U15 (All Programs) - 40% of eligible minutes
- U17 (Development Centre) - 40% of eligible minutes
- U17 (Emerging Talent Centre) - 35% of eligible minutes

Playing time is based on player performance and meeting coaching staff expectations.

Players must maintain a specified attendance threshold to receive the minimum playing time.

Regular Attendance

Players should attend all team practices, games, and other scheduled team events. The minimum expectation for players is to attend 80% of all practices and training sessions throughout the season.

Punctuality

Players should arrive 15 minutes before training sessions and a minimum of 30 minutes before games.

Note: Coaches may request players arrive earlier than 30 minutes before games.

Tardiness disrupts the team's training and game preparations.

Communication

If a player cannot attend a practice, game, or event, they or their parents/guardians should update their TeamLinkt account and advise the coach as early as possible.

When Attendance Falls Below Threshold

To ensure fair and consistent participation, the coaching staff will implement the following attendance guidelines:

80% Attendance Threshold (85% for U15 & U17 ETC)

If a player's attendance falls below the threshold, they should expect reduced game play. This reduction reflects the need for regular participation in team activities.

70% Attendance Threshold (75% for U15 & U17 ETC)

If a player's attendance falls below 70/75% their playing time will be significantly restricted. They will:

- Receive no more than 25% of the total playing time in any game
- Not be eligible to start any games until their attendance improves.

Players are expected to prioritize attendance to ensure they can fully participate in games and contribute to the team's success. Regular attendance is crucial for team cohesion, strategy implementation, and overall performance. By adhering to these guidelines, players will understand the importance of commitment and the impact of attendance on their role within the team.

Make Up Sessions

If a player has a consistent conflict with one of their weekly training sessions, the Club may provide them with an alternate session with another team that the player can attend. The Club will only allow the player to make up one session per week and this is contingent on there being a suitable alternative option available for the player.

CHOOSING THE RIGHT PROGRAM FOR YOUR PLAYER

To help you navigate our player pathways and select the best fit for your child's development, we've provided side-by-side program comparisons broken down by age group. These charts outline exactly what is included in each program tier, from weekly training frequency and game formats to specialized coaching, sports science, and performance support.

How to read the charts: A black checkmark indicates a feature is fully included in that specific program, while a red 'X' indicates it is not a part of that program's curriculum.

Use these visual guides to compare commitment levels, training environments, and added resources so you can make an informed decision for your player's soccer journey!

QC UNITED U5 - U9 GRASSROOTS

At QC United, we have cultivated an environment encouraging our young players to have fun, be brave, and fall in love with the game. Our curriculums and once a week programs emphasize fundamental movements and skill development in practices, sessions, and games.

The Grassroots Indoor Fall Season will run from October 5 - December 12, 2026.
The Grassroots Indoor Winter Season will run from January 4 - March 20, 2027.

U5 COED

PROGRAM OVERVIEW

Our U5 program emphasizes the physical literacy stage of player development, creating a foundation through engaging games and challenges that encourage a variety of movements both with and without the ball. These activities include running, jumping, throwing, hopping, balancing, and kicking.

We combine basic soccer skills with fundamental movement exercises to help our players develop essential physical abilities.

QC UNITED U8 & U9 SKILL CENTRE

Our U8 & U9 Skill Centre is designed for players who want more time on the ball in their prime skill acquisition years. The program focuses on individual technique and skill development to create technically proficient players while growing their love of the game. The curriculum will focus on spatial awareness and ball mastery as well as teamwork, social skills, individual skills, 1v1's, 2v2's, passing, receiving, and shooting techniques.

The Skill Centre Indoor Fall Season will run from October 5 - December 12, 2026.

The Skill Centre Indoor Winter Season will run from January 4 - March 20, 2027.

QC UNITED U8 & U9 SKILL CENTRE PLUS

Skill Center Plus is an optional add-on to QC United's U8 & U9 Skill Center program, designed for young players who want extra time on the ball and additional touches beyond the standard curriculum. This supplementary session builds on core Skill Center themes with a sharper focus on individual techniques, including dribbling, first touch, ball manipulation, and 1v1 confidence. This add on program will give players more reps in a fun, low-pressure environment.

Who It's For

The program is open to players of all abilities. Whether your child is just starting to fall in love with the game or already showing a competitive edge, Skill Center Plus meets them where they are and helps them grow. There's no tryout or skill threshold to join — just a genuine interest in getting extra touches on the ball.

Format

Sessions are designed to complement, not duplicate, the regular Skill Center program, reinforcing key technical concepts through repetition, small-sided games, and skill-specific challenges suited to the U8/U9 age group's developmental stage.

Registration

Space in Skill Center Plus is limited, and spots are filled on a first-come, first-served basis. Families are encouraged to register early to secure a place, as the program is anticipated to fill quickly given its added value and limited capacity.

Schedule

Fridays 6:00pm - 7:00pm
Queen City United Facility

Registration Fees

\$205.00

QC UNITED U10 & U11 SKILL CENTRE

The U10 & U11 Skill Center Program is tailored for young athletes born in 2016 and 2017 who seek a more challenging and competitive soccer environment.

This program aims to help each player reach their maximum potential by focusing on individual skill development within a fun and engaging setting.

Program leads and head coaches hold high-level coaching licenses.

PROGRAM OBJECTIVES

Individual Technique and Skill Development with an emphasis on critical development areas such as:

- Spatial Awareness
- Ball Mastery
- Combinations
- Individual and Small Group Attacking & Defending
- Passing
- Receiving
- Turning
- Shooting/Finishing

STRUCTURE & FORMAT

- By enrolling your child in this program, you are not registering for a premier-level team, but rather for an enhanced training environment focused on player development.
- Training will consist of both team-based sessions and pool-style training, where players are grouped using a variety of methods to maximize growth and learning.
- Team rosters will be formed for participation in developmentally appropriate competitions.
- Not all players will be selected for every event. Some competitions will be limited to selected players based on readiness.

U10 & U11 SKILL CENTRE

TEAMS

- Boys and Girls only teams.
- Players will be placed on rosters to participate in developmentally appropriate competitions.
- The club will monitor player development and there may be player movement if required.
- Event specific rosters will be communicated if applicable.

QC UNITED U10 - U17 EMERGING TALENT CENTRE

The Emerging Talent Center aims to identify and develop players with the potential to advance to higher levels. This program is dedicated to offering exceptional coaching and support to help players achieve their full potential both on and off the field. Our balanced approach focused on teaching advanced soccer skills, techniques, and tactics, while also instilling professionalism, leadership, and confidence in all players. Together, we strive for collective success and growth.

Diverse Competitions:

- Teams may participate in a variety of competitions, including but not limited to futsal, 7v7/9v9/11v11 soccer tournaments, leagues, and exhibition games. This variety aims to challenge players and expand their comfort zones.

The Emerging Talent Center is committed to fostering a culture of excellence, providing top-tier coaching, and developing well-rounded individuals prepared for success on and off the field.

QC UNITED U10 - U17 DEVELOPMENT CENTRE

The Development Center welcomes all aspiring soccer players from ages U10 - U17 who are eager to improve their skills. The program focuses on enhancing individual techniques, developing decision-making abilities, and cultivating each player's passion for the game in a fun and challenging atmosphere. The program strives to create a supportive and welcoming environment where players can build their confidence and love for soccer.

As a competitive soccer program, we may not be able to offer placement to every player who registers due to capacity limitations. While our goal is to provide an appropriate development opportunity for as many players as possible, the number of available roster spots is limited. Placement decisions will be made based on the information gathered through the training camp process and our ongoing player evaluations.
